Humanitarian aid for Ukraine with Focus4Hope

Focus4Hope located in Brighouse, West Yorkshire, arrange and provide support for the most vulnerable in society, from the homeless to the elderly, Focus4Hope is a steadfast pillar to the local charitable community.

Responding to the humanitarian aid needs in Ukraine, AmcoGiffen reached out to provide support to their endeavours. Organisers at Focus4Hope informed our teams that they were struggling with transportation and arranging for delivery of donations to the main distribution centre in Rochdale.

What did we do?

Over the course of 3 days, members of the AmcoGiffen site team used 2 vans to collate an infinite number of donations from across West Yorkshire. Contributors included banks, local businesses and shopkeepers who were all keen to assist in their own way.

These donations were delivered to the distribution centre in Rochdale where they were collated for delivery to Ukraine via Poland.

“

Carl Chandler, Social Value Lead

With people at the heart of all that we do at AmcoGiffen, compassion for the humanitarian needs in Ukraine led our teams to reach out to a number of local charities and organisations. We were all keen to help in any way we could, these proactive engagements of care and kindness embody our values and define who we are as AmcoGiffen.
