

social value case study

our communities

Basingstoke Community Event

Nigel O'Connor and some of his team arranged a social value exercise in his local village Trelewis over the weekend, in which AmcoGiffen supported the facilities by providing welfare vans and vans to aid amenities and general haulage during the site set up.

This shows a good example of our social value within the region

What did we do?

The event took place on Sunday 2 June in a local village, Trelewis in Basingstoke. On the day of the event welfare vans were provided to help with hand wash versatility near the animal grooming tent.

Over 1000 people attended the event, there were 20 different types of stalls, from sweet stalls, market stalls and a circus.

Thankyou to our volunteers

- Nigel O'Connor
- Mike Ford
- Jason Dunning
